

Dr. D. A. Kouba

office : 3135 MSB

office phone : (530) 601-4444x2007

e-mail: kouba@math.ucdavis.edu

My office hours : Variable (Announced in class or sent via UC Davis e-mail)

TA Office Hours : See the Calculus Room link on my Math 16A website.

Math 16A, Winter 2018, 3 credits, section 002, CRN # 60494 , 10-10:50 am MWF in 1001 Giedt

Math 16A homepage : <http://www.math.ucdavis.edu/~kouba/Math16A.html>

Course grade based on the following :

Exam 1 (Friday, January 26, 2018)	100 pts.
Exam 2 (Wednesday, February 14, 2018)	100 pts.
Exam 3 (Wednesday, March 7, 2018)	100 pts.
Final Exam (Friday, March 23, 2018, 6-8 pm in 1001 Giedt ... No early finals will be given.)	200 pts.
Homework (See below)	0 pts.
<hr/>	
Total points	500 pts.

THERE IS A MATH PLACEMENT REQUIREMENT TO BE ENROLLED IN THIS CLASS.  
PLEASE SEE THE LINK ON MY MATH 16A HOMPAGE FOR DETAILS.

***Homework assignments and solutions, worksheets, supplementary class handouts, practice exams and solutions, a list of basic mathematics formulas, etc., can be found on my Math 16A homepage. ALL IMPORTANT INFORMATION for the course can be found here. Please become familiar with the resources that are available to you there as soon as possible.***

Homework will be assigned daily, but will not be collected. *It will be your responsibility to do homework regularly and ask for help when you need it.*

Generally speaking my office hours are an opportunity for you to ask questions and work on problems together with other students. Candy will be provided at no cost.

No make-up exams are given. A missed exam is zero points.

Last Day to ADD : Wednesday, January 24, 2018

Last Day to DROP : Monday, February 5, 2018

Supplementary on-line calculus resources can be found at: <http://www.calculus.org>

Additional pre-calculus and calculus workshops and tutoring are offered by Student Academic Success Center (SASC) in Dutton Hall.

I will post problem sets and solutions for our Math 16A class from the following text:

TEXT: CALCULUS, An Applied Approach (7th edition) by Larson and Edwards

Please note that these are the following choices for you to get text/content material for the course:

1. Use ANY edition (older or newer) of the hardcover textbook.
2. Use a digital version of the textbook.
3. Use no textbook at all and rely on class notes or use of a classmate's textbook.

***On the occasion that you might miss class and need class notes or some other way to learn the class material, you should do the following. Get class notes from a trusted classmate, see one of our TA's, or go to the Calculus Room and ask for assistance there. I will not be providing you with any class notes or make-up lectures on those days that you do not attend class.***

I will NOT be using Inclusive Access or WebAssign for the course.

All students will still have day-one access to the online platform with the Larsen text at the same discounted price, but they will only be billed if they activate the online content.

\*\*\* Students who never activate the access will not be billed.

\*\*\* Students who do activate the online access will be billed unless they opt out.

\*\*\* ALL students should review the information at the Inclusive Access website:

<http://inclusiveaccess.ucdavis.edu>
